

**Table of Contents of  
International Journal of Performability Engineering, Vol. 19, No. 6, June 2023**

<b>Author(s)</b>	<b>Title of the Paper</b>	<b>Pages</b>
Yassine Eddouh, Abdelmajid Daya, Rabie Elotmani, and Abdelhamid Touache	Optimization Approaches for Cost Reduction in Preventive Maintenance Strategies: A Comparative Study	359-367
Deepak Kumar, Chaman Verma, Purushottam Sharma, Deeksha Kumari, and Zoltán Illés	Demographic and Clinical Factors Role Identification in Stroke Risk and Subtype Prediction	368-378
Arvind Kumar Mishra, Renuka Nagpal, Kirti Seth, and Rajni Sehgal	A Framework to Evaluate Maintainability of Service-oriented Architecture using Fuzzy	379-387
Rakesh Kumar, Sunny Arora, Ashima Arya, Neha Kohli, Vaishali Arya, and Ekta Singh	Ensemble Learning for Appraising English Text Readability using Gompertz Function	388-396
Neha Kohli and Tapas Kumar	Envisaging Alzheimer's Disease Stage through Fuzzy Rank-Based Ensemble of Transfer Learning Models	397-406
Manvi Khatri and Ajay Sharma	Deep Learning Approach based on Iris, Face, and Palmprint Fusion for Multimodal Biometric Recognition System	407-416
Kavita Pandey and Shikha Jain	A Secured and Privacy Preserved VANET Communication using Blockchain	417-424
